

EDGE Group Entity, BEACON RED, to Showcase Industry Leading Law Enforcement Services at World Police Summit 2022

BEACON RED, an advanced defence solutions provider that tackles complex national security threats, today announces their participation in World Police Summit 2022, where they will announce a new strategic business collaboration, as well as underscore their innovative solutions intended to aid future law enforcement training initiatives.

At the event, running from 14 to 17 March at the Dubai Exhibition Centre, BEACON RED will showcase its unique law enforcement [services and training course](#) offerings, as well as cyber-defence related products.

Speaking on their participation, BEACON RED CEO Mauricio De Almeida said, “BEACON RED recognises the importance of providing a platform for the international police community to source the latest innovations and technologies in the national security landscape. That is why we are proud to participate in the World Police Summit, entering key conversations and showcasing our abilities as a leading provider of the people, processes and technologies that support and enhance international law enforcement. We look forward to highlighting how BEACON RED can improve crime prevention, training innovation and cyber forensics.”

The World Police Summit is the global meeting place for senior international police and law enforcement officials and professionals to connect with governments, policy makers, and sector experts to source the latest technologies, debate key trends and address the latest challenges and priorities for public safety and security. The Summit provides BEACON RED the opportunity to feature their latest disruptive solutions and capabilities, positioning themselves on the leading edge of tomorrow.

World Police Summit attendees can visit BEACON RED at stand J20.

With scope to develop and instruct within innumerable national security and intelligence disciplines, BEACON RED provides advanced solutions to national security threats through transformative people, processes and technology.

BEACON RED is part of the Electronic Warfare & Intelligence cluster of EDGE, an advanced technology group that ranks among the top 25 military suppliers in the world.
